≈ values are calibration-derived spans (V4 record 29.36 px/m, ±3% working allowance), wall centreline to centreline; not source-stated.

~ values are the V4 site-diagram / envelope guides. Room dimensions transcribe brochure p28 labels as in V4; † flags disagreement. Plot boundary is not verified.

Walls are the V4 source poche (unchanged geometry). Doors, swings, stairs and fixtures are traced from the brochure p28 board crop.

Zone fills, finishes, furniture, trees and cars are illustrative, not design facts.
